

Let's transform the way you do business!

.....

Mooncomputers a Northampton-based company supporting the IT needs of local businesses.

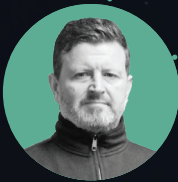

Since 2001, we've developed exciting solutions and built agile technology infrastructure while ensuring our customers find true value for money.

We partner with outstanding local businesses to provide our customers with a truly local service and have gained a

reputation for providing effective and time-tested solutions for their entire business operations.

We began as an organisation that wanted to support small and medium businesses with their IT challenges and that's how we've remained.

WE'RE LOCAL

Mooncomputers was founded in Northampton in 2001, and we've been supporting the IT needs of small and medium businesses ever since.

WE INVEST IN APPRENTICES

We work with local colleges and schools to provide practical experience and career opportunities to those who do not want to attend university.

WE GIVE BACK TO THE COMMUNITY

We're committed to giving back to the community that has helped us to get to where we are today and so regularly support local charities with various initiatives.

WE CARE ABOUT THE ENVIRONMENT

We take our responsibility to care for and protect the environment seriously and are fully committed to improving environmental performance across all of our business activities.
